DAV/AHMD/CIR/19-20/07/15

12/07/2019

**Adolescence** is a critical link between childhood and adulthood, characterized by significant physical, psychological, and social transitions. These transitions carry new risks but also present opportunities to positively influence the immediate and future health of young people. Adolescence generates conflicts and inappropriate demands from elders, which can be resolved by conversation and communication.

Keeping this in mind D.A.V International School, Ahmedabad is organising a workshop "Enhancing bond between Teen and Parent" for parents and students which will be taken by Dr. Nivedita Ganguli (PhD in Psychology, Principal)

Interested parents may send their consent in their ward's almanac or can give confirmation at D.A.V e-learning site by filling the Google form.
