

Fun Friday activity

virtual cinematic experience 🎬 (16.10.20)

Movies are a great resource for the students as they enable them to understand concepts better and extend learning beyond books. During online class Pre Primary children were taken for a virtual movie "Wings" integrated with the theme birds .The little ones were overwhelmed with joy as it was an amazing experience for them to virtually visit the theatre , show their movie tickets, sit on their own numbered seat, watch the movie, enjoy delicious snacks in the intermission and come back. The session was concluded with an interactive quiz related to movie to recall the story and its characters . The story of the movie not only entertained them but also gave a message to care for animals & birds by helping each other.
