CIRCULAR

Dear Parents,

It has been observed that some parents are sending their children too early to the school.

Keeping in mind the safety & security of all the children and to avoid all possible harm to themselves, the school earnestly request all the parents not to send children early to school – earlier than 6.55 am.

Moreover, it has been observed that few children are regularly late to school. All students are expected to be regular and punctual, and reach school by 7.10 am, the latest.

Thanks for your co-operation

CIRCULAR

Dear Parents,

It may be noted that school does not encourage the use of any private transport for the students in view of the safety and security of school children. However, some students are still availing private transport facility. In this regard please note the following.

1. Parents must ensure that mode of transport arranged by them for their wards like mini buses, vans, auto rickshaws, or any other vehicle are absolutely safe for children and that they are strictly following the Govt. guidelines on safety and security of school transport.
2. Parents must strictly avoid using transport services from vehicles not having valid license or permit to carry the school children and those not following the safety guidelines.
3. Parents should check antecedents of drivers and conductors and police verification of them must be done at their end and submit the report to the school.
4. Any one of the parents shall accompany the driver and the conductor in such vehicles daily so that safety of their wards can be ensured. Parents can share this responsibility among themselves as per their convenience.

With best wishes
